

UNION FAIR

Maine Wild Blueberry Festival

WINTER STORAGE:

If you are sick of shoveling snow off of your camper or boat, Union Fairgrounds Winter storage can help! Those buildings that house everything from quilts and crafts to cattle and tractors at Fair-time become home to dozens of campers, cars and boats during the winter months.

I. Cars, Boats and Popup Campers.

These storage facilities range from the open sides but covered roof 4H Showring to the fully enclosed Exhibition Hall and Biatti Craft building. Because of door height restrictions, these buildings are limited to smaller boats, popup campers and vehicles.

On an average Winter, these buildings store 35 – 40 units.

II. Campers and Larger Boats.

While still somewhat limited by their 18 ft. doorway height, our Pulling Ring and Cattle Barn become home to about 60 campers and boats (and one tractor trailer) every Winter. These facilities are much more accessible than the other buildings and are able to accommodate larger boats, campers and motorhomes.

Storage rates

Subject to change prior to Oct.1
